Interests and activities

Computer Programming, Web Design, Game Design and gaming.

Work experience

June 2007-August 2008 Microcenter Tustin, CA

Worked way up from Customer Service Representative (CSR, hourly), to Game Room Associate (GRA, hourly), to General Sales Associate (GSA, commission + base), before leaving to dedicate my time to education.

Customer Service Representative

Experience in people skills, helping convert one-time customers into life-time customers, ensuring customer satisfaction, and helping the customer obtain the product that they actually need.

Game Room Associate

Experience in helping customers find the product they are seeking, educating customers on the latest innovation in gaming, helping the customer find games suitable for their needs (age, genre, price, platform)

General Sales Associate

Assisting customers achieve complete their tasks by assembling the simplest group of software or hardware that will work together to accomplish their task, while building a trusting relationship with the customers

Hobbies

Web Master

Web Design, and maintenance of my web server and site. Online since 2002
(<http://bobdawg.org>)

Implementation and development of PHP applications including,
XBOX360 Gamercard Bookmarklet Generator,
(http://bobdawg.org/gamercard_bookmarklet.php)

World of Warcraft Avatar Generator.
(<http://bobdawg.org/wowAvatars.php>)

Computer Gaming.
